

AUTO RETURN GOLF CUP

INSTRUCTION

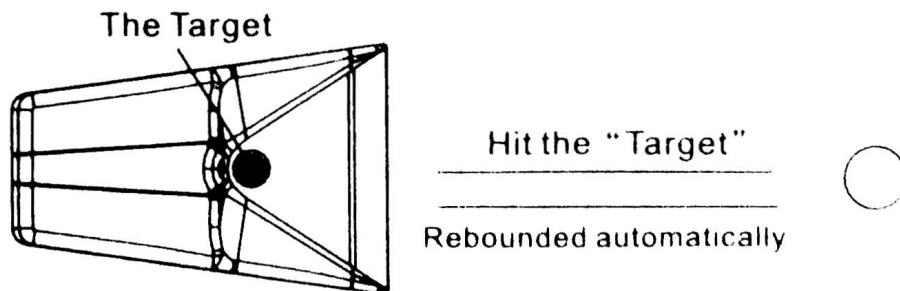

1. Open the battery cover and insert 2 batteries (1.5V, C size) into the compartment following the polarity, then close the cover.

2. Push button to switch on the unit
3. Place the "CUP" horizontally on the ground.
4. Keep the golf ball 18 inches away from the "CUP".

5. Using the putter to hit the ball towards the target of the "CUP". The ball will be rebounded automatically when it hits the target.

Keep fingers clear of the ball return mechanism as personal injury or damage to the mechanism may occur.
