

OF PROFESSIONALS.

USGA and the Royal & Ancient are allowing rangefinders in tournament play. In fact, we've made a special tournament edition just for this reason alone. So now more than ever, you can expect to see Bushnell rangefinders in the forefront of professional golf. If we can help 95% of the world's best golfers improve their game, we feel confident we can help improve yours. Bushnell, the #1 laser rangefinder in professional golf.

THE #1 LASER RANGEFINDER IN PROFESSIONAL GOLF.

BUSHNELL®. THE CHOICE

It's no secret the overwhelming majority of tour pros use Bushnell laser rangefinders to learn the courses they will compete on. The only restriction has always been they weren't allowed once the tournament began. But this year is different. For the first time ever, the

Bushnell

**Bushnell® PinSeeker® 1500
Laser Rangefinders**

PinSeeker 1500 Tournament Edition

Perfect for tournament play and anywhere else you want to take it, the PinSeeker 1500 Tournament Edition has all the features you need to take your game to the next level.

FEATURES:

- PinSeeker and Scan modes
- Ranges 5 - 1500 yards/meters; 400 yards to flag
- +/- 1 yard accuracy
- Power/Obj: 7x 26mm

Model is legal for tournament play and posting of scores for handicap purposes.

PinSeeker 1500 Slope +/- Edition

It's the world's only laser rangefinder that compensates for elevation. The PinSeeker 1500 Slope +/- Edition features everything you'll find on the Tournament Edition, but with our exclusive new slope +/- technology. By using a digital inclinometer, the Slope +/- Edition determines the degree of elevation change, then adjusts the distance to provide you with compensated range. So you not only know the actual distance to the target, you know the "plays like" distance as well. Start shaving strokes today with the Bushnell PinSeeker Slope +/- Edition.

FEATURES:

- PinSeeker, Scan and Slope modes
- Ranges 5 - 1500 yards/meters; 400 yards to flag
- +/- 1 yard accuracy
- Power/Obj: 7x 26mm

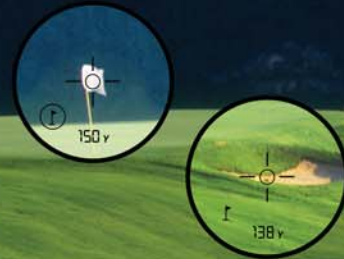

Model is legal for use during practice rounds.

KNOWING WHERE TO HIT THE BALL IS ONLY HALF THE SHOT.

If all you needed to know was the distance to the pin, this game would be easy – well, maybe not easy. But what do you do about the distance to that fairway bunker? Or to the edge of the water? If you've asked

yourself these questions, you're not alone. The world's best players ask themselves the same things. And when it comes to getting the answers, they choose one name, Bushnell.

PINSEEKER
Allows easy acquisition of the flag without inadvertently capturing background targets

SCAN
Displays multiple ranges while panning across the course/target

SLOPE +/- Edition
Provides compensated distance based on degree of incline or decline

THE #1 LASER RANGEFINDER IN PROFESSIONAL GOLF.

**Bushnell® Yardage Pro®
Golf Laser Rangefinders**

Yardage Pro Tour®

There's always room in your bag for the world's smallest laser rangefinder.
